

# CONFERENCE SPEAKER HIGHLIGHTS

March 27-29, 2019 \* Branson, Missouri

**Elizabeth Smart:** In this captivating presentation, Elizabeth shares her incredible story of perseverance in the face of unimaginable adversity. Her speech not only tells her personal story, but also discusses topics such as overcoming extreme adversity, the importance and process of recovery, and not allowing your past to dictate your life's future. Elizabeth knows that there is nothing more important than having hope in a difficult situation. Having lived through an extreme circumstance as a young teenager, Elizabeth gives great insight and hope to all.

*Immediately following the presentation Ms. Smart will be conducting a book signing. A copy of both of her books will be available for purchase at the conference.*

**Dr. David Mee-Lee:** David Mee-Lee is a leading expert in co-occurring substance use and mental disorders with over 40 years experience in person-centered treatment and program development.

He is not your usual psychiatrist, nor is he your usual educator. He writes and speaks in down-to-earth, jargon-free language and makes learning challenging and enjoyable. Audiences consistently express satisfaction with his combination of rich content and practical approach delivered in his engaging style. His down-to-earth upbringing in Australia coupled with his Chinese heritage make for an interesting mix of dry humor and quiet wisdom.

**Jermaine Galloway:** Tall Cop Says Stop™ was created by Officer Jermaine Galloway, an Idaho law enforcement officer since 1997. Regarded as one of America's top experts in various drug and alcohol trends, he has specialized in underage drinking and drug enforcement for more than 15 years.

Since 2009, Officer Galloway has won four national awards and one international award for his work. In addition to his numerous talks at conferences and other events, he has personally trained more than 105,000 people nationwide. Officer Galloway's many years of experience have taught him one thing above all else. In his words, "You can't stop what you don't know™."

**Marvelous Mark** is going to get your entire crowd electrified. Mark's presentation is unlike any other keynote presentation in the world. It's an experience that creates a new rock star mindset for moving to the next level.

Your people will get plenty of educational information in their breakout sessions. However, they also need an emotional, motivational boost, a chance to let go. Receiving inspiration drawing from why to learn and perform, to how to perform at the highest level.

*"That... is a rock star performance."*

**Kevin Briggs:** Kevin Briggs is a retired Sergeant with the California Highway Patrol, mainly working the Golden Gate Bridge area during his 23-year career. The Golden Gate Bridge, while one of a kind and beautiful, also carries a dark side – it is sadly a place where many people, since its opening in May 1937, have chosen to end their life. Kevin's law enforcement experiences on the bridge responding to calls for assistance are

insightful and informative, as he dealt with numerous individuals who were over the rail – many off their medications, dealing with life circumstances that were overwhelming, or feeling they were out of hope. Kevin is a trained and experienced speaker with the goal of raising awareness about mental health and wellness, crisis management, and suicide prevention.

**"Suicide: The Ripple Effect"** is a feature length documentary film focusing on the devastating effects of suicide and the tremendous positive ripple effects of advocacy, inspiration and hope that are helping millions heal & stay alive.

The film highlights the story of Kevin Hines, who at age 19, attempted to take his life by jumping from the Golden Gate Bridge. Today Kevin is a world-renowned mental health advocate, motivational speaker and author who travels the globe spreading his message of hope, recovery and wellness.
