MISSOURI BEST PRACTICE STANDARDS: AN OVERVIEW

About the Training

Since the first treatment court started in 1993 in Jackson County, treatment courts in Missouri have increased and evolved. As Missouri continues to expand our programs, the Missouri treatment Court Coordinating Commission (TCCC) understood the need to establish standards and practices based on current research and findings. These principles provide practitioners with the standard elements needed to create desired outcomes in their treatment court.

Online Training Dates

- ✓ **May 10: 2:00pm-3:30pm**
- ✓ **May 24: 9:00am-10:30am**
- ✓ **May 28: 11:30am-1:00pm**

This groundbreaking set of evidence-based standards is your blueprint to dramatically improve outcomes for individuals involved in the justice system due to substance use disorders and mental health conditions. They hold the keys to transform how the justice system responds to people in crisis. Whether you are a researcher, subject matter expert, drug court practitioner, state or federal policymaker, or concerned citizen, the Missouri Practice Standards are vital to your understanding of effective justice system reform.

The standards and practices describe best practices associated with a successful treatment court program and are guided by the 10 Key Components of Drug Courts, the Adult Drug Court Best Practice Standards Volume I and II, published by the National Association of Drug Court Professionals (NADCP), the Guidance to States: Recommendations for Developing Family Drug Court Guidelines, the Guiding Principles of DWI Courts, the Juvenile Drug Court Strategies in Practice and the Juvenile Drug Treatment Court Guidelines. The 10 Key Components are applicable to all treatment courts regardless of type (e.g. adult, DWI, family, juvenile, veteran).
